EDMONTON TAKES A DECIDED STAND REGARDING ACTIONS OF THE UNEMPLOYED OF CITY

McLEAN WILL BE MADE ASSISTANT CITY ENGINEER

Another Position Has Been Decided Upon for the Former Commissioner.

NEW BOARD HOLDS FIRST MEETING THIS MORNING

Hereafter Regular Meetings Will Have to Be Called to Order on Time.

The first meeting of the new board of city commissioners was held in the council chamber this morning at 11 o'clock. There were present: Mayor McNamee, Commissioners Chalmers, Harrison, Booth and Saunders. Commissioner McLean, during a city commissioner ended with the month of January, and Commissioner Saunders, who takes his place, moved, seconded by Commissioner Harrison, that Mr. McLean be appointed as assistant city engineer at a salary of \$209 a month. Commissioner Saunders referred to the work done by Mr. McLean, first as city engineer of Strathcona and then as city commissioner.

Commissioner Harrison said that he wanted to see Mr. McLean appointed as assistant to the city engineer, believing that he would be able, with his comprehensive knowledge of the city and the city's affairs, to do good work in that capacity.

Commissioner Booth stated that he was quite agreeable to the appointment, and believed that Mr. McLean could easily save his salary many times over in the capacity of assistant to the city engineer.

Secretary English raised the point that all officials under the superintendents are usually appointed by the heads of departments. Commissioner Chalmers also pointed out that the city engineer should at least have been made acquainted with the intentions of the board. He asked Commissioner Saunders if he had talked over the appointment with the city engineer, and received a negative reply.

Now Practically Settled.
The mayor was not present at the time the appointment of Mr. McLean was discussed, having left on other business, but stated afterward that he agreed with Mr. Chalmers that the city engineer should have been conferred with in reference to the appointment. Commissioner Saunders agreed to take the appointment up with Mr. Lalor, but the motion was carried by the board and the matter is now practically settled.

The new commission board passed a motion this morning to the effect that all meetings in future will be held on time and at the same hours as in the past, namely, Monday and Friday mornings at 10 o'clock, and Wednesday afternoon at 2 o'clock.

It was moved by Commissioner Chalmers and duly carried, that in future the charges made to the fire department for fire hydrants be raised from \$30 to \$50.

The construction of a secondary trunk sewer in the Irvine estate was approved by the board and this work authorized. A force of men started out to open up the work this morning.

Digger's street and Second avenue south, and will continue along Seventh street to Eighth avenue.

Recommendations Laid Over.
Deputy Finance Commissioner Richardson recommended that the civic engineer have two assistants, one of which would be a filing clerk. These recommendations were laid over to be considered at a later meeting.

Prof. W. H. Alexander submitted a letter to the commissioners protesting against the proposed new car service for the Bonnie Doon residents. He emphasized the fact that the new schedule will prompt many people to discontinue the use of the cars. The letter was referred to Commissioner Chalmers.

BOOTH HAS NO PLANS YET AS REGARDS THE POLICE DEPARTMENT
Commissioner Booth stated this morning that he had no recommendations to make in reference to the police department until he had an opportunity of getting better acquainted with the police force. He declined knowing anything about the immediate dismissal of the chief constable, but had not discussed this matter with any of the other commissioners.

Commissioner Booth also stated that he was not considering an immediate investigation into the police department, and unless it is his to make an immediate intention of taking any such action.

QUEEN TO LEARN THREE "R'S" IN PUBLIC SCHOOL

Left to right: Princess Juliana and Queen Wilhelmina.

Queen Wilhelmina has announced that she will send Princess Juliana, heiress-presumptive to the crown of the Netherlands, to a public school in The Hague where she will acquire her three "R's" with children of the common people. This is no bid for popularity, but the result of a diligent search for the best possible institution to educate the future Queen of Holland who will be five years old in April.

SHARP FIGHTING
IS IN PROGRESS
IN HAYTIENTOWN

Feared Gonaives Has Been Burned Down by Rebel Troops.

HAYTI DEMANDS SAILORS
WITHDRAWN FROM PORT

Military Governor Suppressing All Attempts at Revolutionary Outbreak.

Port Au Prince, Hayti, Feb. 2.—Sharp fighting has occurred at Gonaives between the followers of the two rival revolutionary leaders, Senator Baylone Theodore and General Oreste Senmor formerly government delegate at Hayti.

Only the most meagre details were obtainable today about the battle. These came from the crews of the Hayti, then naval service which were in the neighborhood of Gonaives and which left hurriedly as soon as the fighting started.

The war craft arrived here today and their officers assert that they saw flames rising over a vast area giving reason for the belief that the city of Gonaives had been set on fire.

The German cruiser Vincta left immediately for Gonaives to investigate.

Will Take Command.

Senator Theodore, who announced several days ago that he would take supreme command of the rebel, was understood to be marching with his followers.

General Zamor, was reported to have left Gonaives, for the same destination at the head of a body of revolutionaries.

A demand for the withdrawal of the German and American blue jackets and marines from Hayti capital was presented today to the members of the foreign diplomatic corps by the citizens committee of public safety.

The committee points out that perfect tranquility has prevailed for some time in the capital and that therefore there is no necessity for further presence of foreign troops.

Port Au Prince forbade the landing of a party of 14 prominent exiles who arrived here yesterday on board the German steamer Sardinia. Among them were General Horville Monplaisir former minister at Washington. The Sardinia later left for Jamaica with the exiles all on board.

Rebels Were Shot.

Reports from the south indicate that serious disturbances have taken place there. Firing squads of government troops have been sent out to quell the revolutionary activity at the ports of Aux Cayes and Aquin. Among those killed was M. Lavieux a former deputy and a prominent politician.

General Daurique the military governor of the southern province, in action with a force of 200 men, has been strong hand all attempts at a revolutionary outbreak.

AWFUL DEATH IS THE
FATE OF TWO MEN IN
LOADING OF DYNAMITE

St. John, Feb. 2.—John Olsen, aged 29, superintendent of the blasting crew of the Courtenay Construction company, on the breakfast construction work at Courtenay bay and Andrew Damon, aged 25, a foreman, met an awful death this morning when several holes which they were loading with dynamite went off prematurely.

Damon's body was hurled into the air by the explosion and scattered about the ground for several hundred yards. Olsen's body was hurled into the air and landed nearly 300 yards from the scene of the accident.

The men had been to work to load dynamite on the last hole when the accident occurred.

What caused the terrible fatality will, probably, never be known, as the victims were the only men in the vicinity at the time.

DULUTH SNOW STORM
DISRUPTS SCHEDULES;
COLD SNAP PREDICATED

Duluth, Minn., Feb. 2.—Car service was impeded several lines being blocked by a heavy blanket of snow that fell during last night and early today and railroad train schedules were disrupted by drifting snow. Four-foot drifts were encountered in the streets of Duluth. A severe cold snap will follow the storm, it is predicted.

ORDER IN FAVOR
SMALLER TOWNS
THROUGHOUT WEST

Railways Cannot Remove Stations Without Obtaining Board's Permission.

HAVE BEEN DOING THIS
FOR SAKE OF ECONOMY

Hereafter Must report to Municipalities, and State Reasons for Action.

Ottawa, Ont., Feb. 2.—The board of railway commissioners has just issued an order of very considerable importance to the smaller towns of the west. It would appear that in their desire for more economical administration of their system, the Canadian Pacific, the Canadian Northern, and the Grand Trunk Pacific have been carrying on a process of retrenchment and have without notice been removing station agents from many of these.

Following complaints made regarding this, the board this morning issued the following order:

"The board do hereby order that whenever a railway station agent is removed, he shall first notify the local municipality, or, in the case of a freight station, the board of trade, of his intention to apply to the board for an order permitting such removal. Such application shall state the grounds on which such removal is sought to be justified and shall in each instance show the gross earnings at the station from passenger as well as freight traffic and express business during the year previous. It is further ordered that no regular station agents shall be removed without the authority of the board."

COUNTERFEITING PLANT

Boston, Mass., Feb. 2.—Clues given by newsboys resulted last night in the seizure of a counterfeiting plant in a west end bedroom and the arrest of 11 men on charges of making and passing spurious money. In the last 17 days according to the police, \$600 had been circulated from the plant. It is predicted.

BULVEA OPTIMISTIC
WHEN SPEAKING OF
ALBERTA OUTLOOK

He Says Prospects for Great Business in the Spring Are Bright.

RAILROAD CONSTRUCTION
IS PROGRESSING FINELY

Regarding Temperance, He Explains That American Settlers Are for It.

Toronto, Feb. 2.—His Honor Judge George Hedley, Vice-Chancellor, Lieutenant-governor of Alberta, arrived in Toronto this morning from Montreal. He proved very optimistic in speaking of conditions in Alberta.

Although the unemployed situation was felt in Alberta, said his honor, it was not nearly as acute as in the province of Ontario. The difficulty which he found there was that a great many workers came from other countries and other provinces to secure jobs on railroads and other classes of construction. In the winter the majority of these men were paid off and allowed to drift to the cities. They then "blew" their money and were soon reduced to poverty.

The prospects in Alberta were bright for great business in the spring said the lieutenant-governor.

"Railroad construction is progressing at a noticeable rate," continued Mr. Bulvea.

"How is the temperance feeling up there?" he was asked.

"Well, I find that the American settlers favor temperance very much," replied the lieutenant-governor.

"There is a stronger feeling among the American settlers than there is among the English settlers. They assume a more determined stand on the question than do Canadians."

Unsettled as they would not be surprised to see Premier Asquith riding for a fall before the home rule bill is again reached in case the Irish leader should refuse to make the concessions considered necessary by them. They say that if Mr. Redmond should agree to the exclusion of Ulster even for a limited term of years an agreement might be reached.

ASSERTS HIGHEST
OF SOCIAL CLUBS
VIOLATE THE LAW

Declares They Consume the Most Liquor and Gamble for Biggest Stakes.

COMPARED WITH OTHERS
BY A WINNIPEG PAPER

Ministerial Association Challenged to Take Matter up, and It Does.

Winnipeg, Man., Feb. 2.—A weekly newspaper published here in reviewing these aspects of the Krafczenko case relating to so-called "Night clubs" formulated the charge that the highest social clubs in Winnipeg consume a great deal more liquor and gamble for much higher stakes than the "Clubs of that class," as they were described in a now famous phrase by Mr. Hugh Krafczenko's counsel.

The editor stated his object was to show that there were offenders against the law in high as well as in low places, and he challenged the ministerial association to take the matter up, and submitted a list of witnesses, including members of their own churches, who would endorse what he said about this particular and exclusive club.

This morning the Methodist ministerial association accepted the challenge and in a resolution moved by Rev. A. Hamilton of Maryland, and seconded by Rev. R. B. Scarlett of McLaughlin church, called on the committee of the legislature enquiring into the license of these night clubs to extend their investigation to the most prominent and exclusive clubs in Winnipeg, alleged law breakers.

The association unanimously adopted a resolution of appreciation to A. M. Lyle, M.L.A., the government spokesman who voted with the opposition members of the committee favoring this club investigation.

DECLINES THE APPOINTMENT.

Washington, D.C., Feb. 2.—Henry M. Tindell, of Peoria, Ill., who recently was nominated and confirmed an ambassador to Russia, has declined the appointment according to a letter to the president made public at the White House today.

ASSERTS MEN WHO
WENT TO CHURCHES
WERE TRESPASSING

He Holds That if Complaint Be Made It Will Be a Matter for the Police to Deal With—Says That Those Out of Work Will Be Considered by Him Only as Individuals.

Commissioner Booth took a very determined stand at the first meeting of the new board of commissioners this morning in reference to the unemployed and particularly to that portion of them who appeared at the city churches yesterday.

T. M. Turnbull, civil relief officer, was present and after stating what actually happened, and how he had provided beds for 250 of them, Commissioner Booth recommended to the board that they be considered only as individuals by both himself and Mr. Turnbull.

This was agreed to by the members of the board.

In reference to what happened last night in the McDougall church, Commissioner Booth stated that these men were trespassers and that if the church officials wanted them taken out it was a matter for the police to deal with.

Mr. Booth stated further that this is simply a case of a hold-up and should not be allowed to continue.

"I don't think the welfare of this city can be properly looked after if we allow stampedes such as the one last night," he asserted.

He asserted that in dealing with this problem in future there be any attempt at stampeding or storming, as has been done in the past, he would get what assistance is necessary from the police department.

ANOTHER EFFORT
TO CONCILIATE
ULSTER PEOPLE

Thought John Redmond Can Avert Civil War in Ireland.

UNIONIST SAY ONLY WAY
IS TO EXCLUDE PROVINCE

Claim If Nationalist Leader Refuses Asquith Riding for Fall.

London, Feb. 2.—John E. Redmond, an Irish nationalist leader, and Augustine Burrell, chief secretary for Ireland, were closed with Premier Asquith at this morning's meeting and it was understood that the government had determined to make an effort to conciliate Ulster before the heated debate in parliament falls into the hands of the nationalist.

It is generally thought that Mr. Redmond holds the key to the position, and it is pointed out in some quarters that if he is prepared to go to the same length as Premier Asquith and the members of his cabinet are ready to advance in order to placate the north of Ireland the threats of civil war in that country can be averted.

Unionists say they would not be surprised to see Premier Asquith riding for a fall before the home rule bill is again reached in case the Irish leader should refuse to make the concessions considered necessary by them. They say that if Mr. Redmond should agree to the exclusion of Ulster even for a limited term of years an agreement might be reached.

SPLENDID WORK BY
FIREMEN SAVES MUCH
PROPERTY DAMAGE

A fire which at one time threatened to destroy a whole block, occurred this morning about 9 o'clock. The fire started in the Lett grocery store, next to the corner of North Edmonton street. The firemen were soon on the scene but had a hard fight before they were successful in extinguishing the blaze.

The building was badly damaged and the whole of the grocery store was destroyed by fire and water. The blaze was caused by defective chimney. It was at one time thought that the hotel would catch on fire but thanks to the alertness of the firemen it was saved. What the extent of the damages has not been learned.

DIVERS ATTEMPT
TO FIND BODIES OF
MONROE VICTIMS

Norfolk, Va., Feb. 2.—Divers went down in a choppy sea today for bodies in the sunken Old Dominion liner Monroe. No body was recovered.

The only hope seemed to be in finding bodies pinned in the wreck in 15 fathoms of water. A stiff breeze made the work of the divers difficult. If bodies are found a special steamer will be sent out for them.

DISTINGUISHED AUDIENCE HEARS TAFT'S ORATION

Says United States and Canada Have Every Reason to Cherish 1914

RELATIONS WERE STRAINED BUT DIFFICULTIES SETTLED Referring to Tolls Says America Will Decide by Arbitration Decision.

Ottawa, Feb. 2.—Never before has a guest of the Ottawa Canadian club given such a demonstration reception as that given to William Howard Taft, ex-president of the United States and now professor in law at Yale university, Saturday afternoon. The speaker on Canada and some of the most significant features in modern Canadian history.

It was one of the most distinguished audiences that has ever assembled to greet a visitor to the city. H. R. H. the Duke of Connaught and his staff were present, Premier Borden, Sir Wilfrid Laurier, Sir Charles Fitzpatrick, chief justice of the supreme court, the cabinet ministers all the judges of the supreme court, Lord Chancellor of England, J. Norton, president of the A.P. in the British commonwealth, and other prominent men in all walks of life were there.

Threaten the Republic
The feature of his address was his comment on the dangers, if he described them, threatening the republic in form of government on the part of those who want to bring about what they term a purer form of democracy.

He said that the danger was not in the excesses and small dangers are the cost of what we have to pay to secure the great reform, he said. "The danger was, however, in the excesses of the republic," he said. "The danger was, however, in the excesses of the republic," he said. "The danger was, however, in the excesses of the republic," he said.

Excellent Relations
It has made relations such that the solution of any difficulty except by negotiation and arbitration strikes the great body of people in both countries, and this includes the people of the mother country as well. We have had many successful negotiations and arbitrations in that century and doubtless we shall have a good many more. In all these cases the issue has been settled and we have abided by the decision. The further we are away from our disputes, the more contented we are that the arbitration method is the best.

Meetings Well Attended.
Dr. Johnston concluded the opening services of the Robertson Presbyterian church yesterday, preaching to large congregations both morning and evening. During the past week an additional 1000 people were provided, but still there was not room for all those who wished to hear the service last night and some were not able to gain admittance.

BACKACHE Banished.

Thousands of men and women are suffering from weak, lame and aching backs, and many of them unable to do any work for the pain.

The stitches, twinges and twinges are bad enough and give enough misery, but, back of the backache, and the cause of it, is a disordered kidney, crying out in warning through the ache.

Backache is kidney ache, and there's serious trouble afoot for you if you neglect it.

Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.

Mrs. Jack Mason, Springfield, N.B., writes: "I have been suffering from backache for a very long time. I tried everything and did everything, but still I would not suffer. One day I was looking over your Almanac, and saw your advertisement. I got 5 boxes, and I am glad to say that they brought me back to life again, and now on I will never be without them."

LARGE ATTENDANCE HEARS FINE LECTURE ON IMPERIAL DESTINY

There was a large attendance, despite the extreme windy weather of yesterday, in the auditorium of the old Presbyterian church on Third street, last night, when Mr. H. R. H. the Duke of Connaught and his staff were present, Premier Borden, Sir Wilfrid Laurier, Sir Charles Fitzpatrick, chief justice of the supreme court, the cabinet ministers all the judges of the supreme court, Lord Chancellor of England, J. Norton, president of the A.P. in the British commonwealth, and other prominent men in all walks of life were there.

LIBERALS ELATED OVER RESULTS OF DURHAM ELECTION

London, Feb. 2.—Certain unionist papers are loudly claiming that the North-west Durham by-election results are unfortunate although they concede themselves by affirming that the death of the huge labor vote would not have gone liberal if the fight had been merely between liberal and conservative candidates.

The Manchester Guardian is jubilant over the figures disclosed that judgment of the non-unionist against the conservative party has resulted in a victory throughout the contest.

Conservative on both sides of politics are inclined to think that general Borden's deportation of trade union leaders from South Africa was responsible for the huge vote polled by the labor candidates.

Temperance Union Objects to Sunday Baseball in West
Regina, Feb. 2.—The report of committee on the Saskatchewan Temperance Union, named the following: "Resolved that this union put its records on endorsing the activities of the temperance authorities in the province and prays that the efforts be crowned with success."

The substance of a resolution adopted by a dissenting voice. Another seventy athletes, the action of the Manitoba Flat baseball authorities who have recently sanctioned Sunday baseball in the city and rest of the purpose of the Lord's day.

Money and Man Missing
Syracuse, N.Y., Feb. 2.—A man and a horse containing more than \$15,000 cash, consigned by the United States express company to New York, have disappeared, and on Saturday four private detectives arrived here in an effort to trace the missing money.

Fire Destroyed Stables
Lancaster, Mass., Feb. 2.—Twenty-one thoroughbred horses belonging to a Henry Hapgood were lost in a fire which broke out in the stable at the Hapgood country estate Saturday. Only four horses were saved. The total loss is estimated at over \$60,000.

Scotch Post Dead
New York, Feb. 2.—James Grant Wilson, editor and author, who has been ill in St. Luke's hospital for several weeks, died yesterday. He was 67 years old.

Gen. Wilson, son of William Wilson
A Scotch poet, was a veteran of the civil war. He had been serving with him in the war. He was a brigadier-general of volunteers, he laid down the sword and took his pen.

500 Pairs of Women's Queen Quality Shoes

(Seconds) of the \$4, \$5 and \$6 Grades
Tuesday at \$2.75 Per Pair

These are seconds of the new spring lasts, but when you examine them you will not be able to determine why they are called "seconds." The imperfections are so slight in most instances that only the expert inspection at the shoe factory can detect them. It may be a slight scratch or perhaps a spot. In no case is the flaw so serious as to make the boot undesirable. The Queen Quality factory makes millions of pairs of shoes in the course of the season. They just got through making up the spring orders and these 500 pairs were injured in the making or in handling when completed. Included are patent leather, gummetal, vic kid, tan calf, black cravenette, black velvet, white buck and colored suede boots—all sizes—buton and lace styles—in regular stock they sell at \$4.00, \$5.00 and \$6.00 per pair. Beginning Tuesday, 8.30 a.m., they go on sale \$2.75

The Spirit of Spring is Now In Evidence

Here and there, throughout the store, you will see suggestions of the spring season. New embroideries, new dress goods and silks, new ribbons, new corsets—but most interesting, the New Spring Suits and Coats and Dresses. Women desiring advance style information, or perhaps desiring to be among the first in town to wear suits or coats designed for spring in the new fashions can now see an interesting advance display.

Not only do the new fashions show entirely new designs but they are made of entirely new cloths—elegant new weaves in broadcloth and other fancy effects. The colorings, too, are dainty and fascinating. All told, it's an interesting display of authoritative fashions.

by Coughing

A dose of Mathew's Syrup of Tarrad Cod Liver Oil taken before leaving for church will check that service spoiling cough.

This preparation acts as a tonic as well as a cough cure and its use soon enables the system to throw off all signs of cold.

Keep it in the house—large bottle 35c at all dealers.

CHIC NEW MODES

All the best Parisian milliners are now making wonderful shapes in velvet and satin, which seem to require hardly any trimming at all. The shape itself is everything.

Many of the new toques in mirror velvet are absolutely without trimming, but then these models are exaggeratedly high in the crown and, as a rule, curiously fashioned as regards the upturned brim.

With white serge tailored suits the Parisienne will wear. Most of the ultra-high velvet toques in such shades as Carr violet, Fregan blue, ruby-red and nut-brown.

In many cases the dainty shoes and stockings will expect these toques and in this way charming and unexpected effects will be obtained. For the latter a great many dainty suits in white cloth and serge are being prepared.

Black, white or navy blue are the colors which give the finest effects in the land of King Soot, especially navy, unrelieved white.

Edmonton, Alta.—A delightful secret disclosed of restoring pallidness and poor complexion. Quick impulsive and decidedly harmless. Send \$1.00 S. F. Williams 274 Sunward Blvd. Fair sure to return; and all defects, such as pimples, freckles, pimples, blotches and blemishes will disappear.

NEW DAILY PAPER RUN BY WOMEN

Even to the Printer's Devil and Office Girl.

(Written by A. Man.)

A daily newspaper entirely conducted by women is to be published in the largest suburbs of Chicago, Evanston, G. McQueen, went to Red Deer Saturday to spend a few days with friends, returning to Edmonton later in the week.

In the new feminine newspaper, no man is to be employed except the janitor, even the least of the necessary staff being an "office girl."

Aside from the vital question of how the local pencils will get sharpened, other problems must unavoidably arise. It is presumed the fair sex can be applied master of the complexities of football and boxing, as it was proven long ago by the peerless Middy Morgan that she could breathe the spirit of true sport into her descriptions of a horse race.

Our greatest interest in a woman's newspaper lies in her apprehension and judgment of what will prove attractive to the women and what will be labeled "Matters of Interest to Men," for it is reasonable to expect that the newspaper conducted by the men's papers will be followed.

Since they have arbitrarily set aside certain topics for the exclusive entertainment of women, a great deal of them are not supposed to vitally care for the general lighter news, it is natural to believe that the men would appreciate the courtesy of having those matters which concern them most placed in a department sacred to them only.

Perhaps the sporting department will be so designated. It might also contain carefully written articles on men's fashions with illustrations, special literature on tobacco, pipes, sports, dogs and hunting equipment, with some well-considered advice on "How to Retain a Wife's Affection," signed Bernard Williams. "A Man's Place in the Home," "How to Keep the Fire in the Furnace from Going Out," "Hints on a Conjugal Career," "Maggie's Hints," and other important instructions now somewhat neglected by the public prints that are so deeply concerned in setting heels and becoms along the feminine pathway and filling columns with admonitions.

The modern man dodges a helmsman, marries a playmate and then spends the rest of his life in the search of a soul-mate.

Every woman yearns for real love, but a good intuition will usually satisfy her—provided a man is careful to keep up the "imitation" from the first kiss to the last.

A little "absent treatment" now and then is the best tonic for conjugal love.

Up to 25 a girl seems to think that the only difference in men is that some are a little taller, and that afterwards she begins to suspect that the only difference is that some are a little worse than others.

A woman's tears are the salt of love. Little weeping may improve it, but no man can stand being steeped in brine for any length of time without becoming sour.

Love is the electricity that lights up the life of the world, the switch by which it is turned on or off.

An Atlanta doctor declares that engines are causing the approach of a "loveless age." "Pshaw," it isn't engines, but haphazard fate, slashed skirts and turkey-trotting that are shattering all that delightful chaffon of love which hung between the sexes and made them so fascinating to each other.

A modern youth's perfect frankness and innocence sometimes make a girl yearn for the sweet old-fashioned liars who used to tell us such beautiful, flattering fairy tales.

Love is the sun that dispels the mist of all a man's theories and dims the light of his most brilliant philosophy.

Fame? Success in outshining a patent medicine.

When marriage is merely a matter of money desire is merely a matter of time.

When a girl dreams in the perfectly frank and unceptive fashion of the period she apparently forgets that a man doesn't fall in love with his eyes but with his imagination.

Extracting a plug from a man is getting to be almost as difficult as extracting a tooth—one has to draw it out of the man's head and then to be conscious and then show him the proofs when he revives.

No man can understand the shock a bride receives when she discovers that she is expected to keep a rule that is half angel, half cook and social butterfly on the side.

Tell me a man's opinion of women and I'll tell you the kind he pursues.

Some Fies.

Alfred Charles de Rothschild of London is said to have added a rare variety of sea otter flea to his entomological collection at a cost of \$5,000. A kind of the flea is not given, but apparently it enters into competition with tedium as a measure of value.

St. Louis is to have a court for girls exclusively presided over by two women judges.

Daily Fashion Talks

BY MAY MANTON

FOR WEAR UNDER FASHIONABLE FROCKS

FASHIONABLE frocks require care in the selection of the underwear if the effect is to be perfect. This garment is smooth-fitting and without fullness and can be closed at either the front, or the back, made with round or square neck, so that it seems adapted to many needs. Fine nainsook and batiste are the materials that suggest themselves at once for garments of this kind, but we are daily learning the advantages of crepe de chine and material made just in this way would make a dainty garment and one that would stand hard usage.

Cotton crêpes are pretty and are smooth-fitting while it is claimed that they have the practical advantage of requiring no ironing.

For the 16 year size, the garment will require 2 1/2 yds. of material, 36, 24 yds. wide, with 3 1/2 yds. of the ruffles, 6 yds. of insertion, 5 yds. of edging, 1 1/2 yds. of binding.

The May Manton pattern of the combination garment 7433 is cut in sizes for girls of 14, 16 and 18 years. It will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents.

all the sentiment and irony out of her role. She is inimitable as the unorthodox, outlandish, mountain girl and perfectly stunning as the trained society woman when she returns, cultured and educated, to the mansion where she had first made her ludicrous entrance into Jack's social world.

FINE MYSTERY FILM OPENS TODAY AT THE MONARCH THEATRE

Mystery and sensation hold sway at the Monarch today and tomorrow with the five-part drama, "The Mysterious Finger Print." It is the attraction.

"Finger Print" is the attraction. This picture is another one of the famous Fantomas series, is the sequel to "The Man in Black" and is a thriller from start to finish.

It might be well to record at the start that where pictures with a decided grip are wanted, where startling and terrible sensations presented with logic and enthusiasm, it is a picture for the time in seemingly organic whole are desired, this third instalment of "Fantomas" will be welcome.

It is a picture of the most intense and thrilling of impenetrable mystery until the end. The opening situation it presents is so tremendous and holds until it is cleared up.

The stagecraft of the picture is admirable. The props, the hand-drawn material in such a way that each blow that it gives—the picture gives blows that can be felt almost with physical sense—comes home to the spectator like a thud. To crown it all, the acting is perfect. Those players who have the ability to give color of human life—the big, human-hearted, his charming sweetest the picture, the picture of "Fantomas" express each in his own way, vigor and all that makes life good.

On the other hand, those players whose duty is to give the background of death—Pantomas, the police officials, etc.—wear cold masks, emotions and terrible on human kind. Of course, what the picture is really interesting is in the background of death, not life, and the players play the roles assigned to them in a very creditable manner.

GUNBOAT SMITH WILL BOX TONIGHT PANTAGES THEATER

Heavyweight Champion Will
Appear on Vaudeville Stage
and Tell Experiences.

Well, folks, the "big noise" of pugilism is in town this week. "Gunboat" Smith will appear at the Pantages theater at 8 o'clock today and for two performances daily for the balance of the week.

Of course you're going to see him—yes all. This is the first opportunity Edmonton has ever had of seeing the heavyweight champion of the world. "Gunboat" will box three rounds with his sparring partner, do a little shadow boxing, and tell some of his ring experiences.

"Gunboat" has had a really remarkable ring experience, in-as-much as he has fought over 60 battles and has only been beaten once. He has over 20 knockouts to his credit. Smith used to be on a main-o-war, and that's how he came to get his front name "Gunboat"—and they say he's some class for "looka" too.

Winter.

CAMERON SCORED 3 GOALS
Cleghorn Back in Game—
Players Fined \$50 For
Rough Work.

Montreal, Feb. 2.—Toronto gained a lucky victory over the Wanderers at the Arena Saturday night, by a score of 5 to 3, in one of the best exhibitions of hockey served up here this winter.

Oddie Cleghorn was in the line up after an absence of three weeks. Conditions were nearly perfect for hockey, the keen ice helping the players to keep up a fast pace.

Unnecessary roughness appeared at times and referee Harvey Purdon's penalty sheet shows fines of over \$50 which amount was about evenly divided between the two teams, Davidson and Hyland each drawing two major penalties.

Toronto had all the best of the play in the first period after Hyland had scored for the locals. In the remaining periods the Wanderers held their own and scored alternate goals with the visitors. The visitors however were more accurate in shooting, particularly Cameron, who scored three of the five goals.

The line up:
Wanderers—Goalkeeper—Toronto
Boyes Goal Holmes
Rose Defence Marshall
H. Cleghorn defence Cameron
H. Cleghorn center Forsyth
O. Cleghorn wing Walker

TORONTO WILL BE REPRESENTED IN FEDERAL LEAGUE

Have Obtained Excellent
Grounds and Strong
Team.

Chicago, Feb. 2.—Representatives of the Federal league held a long ex-
tensive session Saturday and after it ended none would discuss what business had been considered. President Jas. A. Gilmore would not even give out the names of those in attendance.

The purpose of the meeting was supposed to be the drafting of the schedule, but Gilmore would not admit this. It is not believed that the Federal league will attempt to go through a season with no regard for counter baseball attractions, it is said.

Harvey Hopburn, representing the Toronto club, was the only out of town man at Saturday's meeting. He returned from the east. President Gilmore denied again that Toronto would be dropped from the league. He asserted the Toronto club had obtained grounds in an excellent location and now have a strong team.

VICTORIA CAPTURE B.C. RUGBY TITLE— DEFEAT VANCOUVER

Victoria, Feb. 2.—By defeating Van-
couver here on Saturday Victoria's
rugby squad captured the British Colum-
bia championship. The score was
12 points to 6, the home back division
outplaying most of the visitors. It was
Victoria's third straight victory. The
season will close on February 14 with
a match between Victoria and Nanai-
mo.

OTTAWAS RETURN TO FORM AND BEAT QUEBEC 4 TO 3

Quebec Had Trimmed Them
7-1 Three Nights
Before.

Ottawa, Feb. 2.—The Ottawas ac-
complished a sudden return to form
Saturday evening, and downed by 4
to 3 the Quebec team which had beaten
them 7 to 1 just three nights pre-
viously. The local match was hotly
contested from start to finish and Ot-
tawa had the edge on the visitors,
though it was a sharp one. Quebec
led the score at 3 all shortly after
the beginning of the third period and
with only four minutes left Eddie
Gerrard, who made his local appear-
ance in professional company, carried
through and flipped it out to Barnham,
who made it 4 to 2.

CANADIENS LOSE TO ONTARIOS 6-4

The Toronto Team Won the
Game on Their
Merits.

ONTARIOS FORWARDS GOOD
Vezina Had a Very Busy
Time in Losers
Goal.

Toronto, Feb. 2.—Playing to the form
which they have displayed during their
last few games, the Ontarios Saturday
evening in a hard fought game, defeat-
ed the Canadiens. The score was 6
to 4.

They won the game on their merits,
each man of the local team playing in
good form. The forward line compos-
ed of Lowery McDonald and Doherty
was good. Doherty's work was brilliant
during the latter stages of the game
when he kept the Canadian defence and
Vezina busy.

The line up:
Canadiens: Goal, Vezina; defence,
Lavolette and Dubaut; forwards, Ber-
ling, Smith and Lalonde.
Ontarios: Goal, Herbert; defence,
McNamara and Lake; forwards, Low-
ery, McDonald and Doherty.

Bob McAllister Trims Nearing.
New York, Feb. 2.—Bob McAllister,
California middleweight, easily out-
taught Eddie Nearing, of Chicago, in
a ten-round bout here Saturday. Mc-
Allister weighed 166 1-2, ten pounds
heavier than his opponent.

McDOUGALLS LOSE TO VARSITY FIVE AT BASKETBALL

Students Had All the Best of
Game and Played Opponents
Off Their Feet.

Saturday night, six husky athletes
mounted the steps of a "high-level"
car at Howard avenue and Jasper.
They constituted a basketball team
and a referee. Their intention when
all the football was over was to play
the University and show that crowd
just in what manner the game should
be played and they showed them, as
best they could, which wasn't any.

The game had but very nicely under-
way, when it was very evident that
the visiting team was not in the same
class as all the Varsity five, and
very naturally the half time score was
much against them 17-6, to be exact.

Starting in the second half, the vis-
iting team had it in the bonnet that
they could do better than that, and
started out to cut things loose. Well
they did manage to pull up a little on
the flying Varsity crew, only for a
minute, when Varsity was taking it
easy, and the students held their lead
all the while.

The Varsity boys played them off
their feet, and toyed with them, us-
ing their dazzling combination plays to
good advantage. It was a case of
perfect combination play against in-
dividual efforts and attempted baskets
at long range.

In the first half McKnight scored
two and Jackson one basket for the
McDougalls. In the second half,
Tomkins got two, McKnight two,
and Tait one. (Bill claimed he was
sick.) For Varsity, Mattern was the
big noise. He got four baskets and
one foul. Stanton got three in the
first half and one in the second.

To make the story short the Mc-
Dougalls never had a look in, and as
was stated a short time ago, they have
struck the "side," and nothing can
be done. The individual efforts of
some of them were good, but as a team
they are of intermediate calibre, only.
The lineup and points follow:
McDougalls—Tomkins, Tait, Mc-
Knight, Jackson, Ross.
Varsity—Mattern, Love, Stanton,
Life, Spence.

Points scored by each—Mattern 9;
Tomkins 6; Stanton 5; McKnight 8;
Jackson 2; Spence 1; Tait 2; Love
2; Varsity awarded one point.
Varsity score—35-18 for Varsity.

Note.—It was not made known at
the time, but time was short by four
minutes. In the second half, this
extra four minutes might have given
McDougalls a chance to pull up

MEETING OF WESTERN CANADA RUGBY UNION HELD SATURDAY IN CALGARY

No Changes Made for This Year—Will Not Adopt Snap-Back System
—Officers Elected.

Calgary, Feb. 2.—A complete new
set of rules will govern rugby as played
in Western Canada next year. The
new code will embody all the features
of the present rules without any rad-
ical change but will be so modified as
to be distinctly and even the ordi-
nary rugby player will be able to un-
derstand them and the disputes that
have been the features of scores of
rugby games in the past will be elimi-
nated. This was decided at the
third annual meeting of the Western
Canada Rugby Union which was held
here Saturday. Rev. "Bob" Pearson,
the president of the Alberta Rugby
union was delegated by the meeting to
draw up the new rules and send a draft
of them to the affiliated unions.

Another important action at the
meeting Saturday was the placing of
the Western Canada Rugby union on
record as favoring the formation of a
uniform set of rules for the entire Do-
minion and the establishment of a Na-
tional rules committee.

The following officers were elected
for the ensuing year:
President, R. A. Patterson, Winnipeg;
first vice-president, Bert Dunlop,
Moose Jaw; second vice-president, Rev.
Robert Pearson, Calgary; secretary-
treasurer, Murray Thomson, Moose
Jaw.

EDDIE CAMPBELL WAS KNOCKED OUT BY "KID" WILLIAMS

In Twelfth Round Williams
Landed Knockout
Punch.

Los Angeles, Feb. 2.—"Kid" Wil-
liams of Denver knocked out Eddie
Campbell of San Francisco in the twelfth
round of a scheduled 20-round bout at
Vernon Stadium. This is the first time
Williams has defeated Campbell. Both
fought at the battle limit, 116
pounds.

Campbell and his manager asserted
that the knockout blow, a vicious left
hook to the stomach was a foul and
examined by physicians did not
substantiate this.

Williams showed poor advantage
at the long range, but was superior to
Campbell in mixing. Every round up to
the ninth was either even or in Cam-
pbell's favor. In the ninth Williams
showed to advantage. In the next two
rounds the fighting was even. The
twelfth had scarcely begun when Wil-
liams rushed his man to one corner,
after a little infighting, sent home
the left to the solar plexus which ended
the battle.

LINCOLN BEACHEY SEVERELY INJURED FALLING BIPLANE

Los Angeles, Calif., Feb. 2.—Lincoln
Beachey was severely injured late Sat-
urday. The proprietor of his biplane
flew to pieces while the aviator was
at an altitude of about 250 feet, he
started to wobble, but found a tall
tree in the way. The machine alighted
on its rider. This broke the fall and
probably saved Beachey's life. He
emerged from the wreckage with a cut
face and severely bruised about the
legs and body, but was able to walk.

Touring Ball Teams in Rome.
Rome, Feb. 2.—Baseball players of
the National and American leagues
who have been on a round-the-world
tour are expected to reach here Feb.
10. They will be received in audience
by the pope and will play an exhibi-
tion game at the stadium, which seats
100,000 spectators.

TODAY IN PUGILISTIC ANNALS

1900.—Tom Cribb defeated Jim Belcher
in 35 rounds at Epsom Downs, Eng-
land. In this memorable bout the
truth of the saying, "They can't come
back," was demonstrated. Belcher
had been champion many years be-
fore, but the loss of the sight of one
eye caused him to retire in 1862. Six
years later the veteran, although half
blind and growing old, challenged
Cribb to battle for the title and £200.
Although far from showing the speed
of the Belcher who had won the cham-
pionship at nineteen, he displayed
marvelous agility and cleverness, and
in the early rounds looked like a
victim. Belcher, a master of the
boxing art, whereas Cribb was clumsy
and slow. Cribb took all the old
man could stand, and when Jim had
shot his bolt, he wore him down and
knocked him out.

1908.—Terry McGovern knocked out
Eddie Satterly in 5th round at Chi-
cago.

1908.—Charles Neary and Freddy
Wells fought 10-round draw at Mil-
waukee.

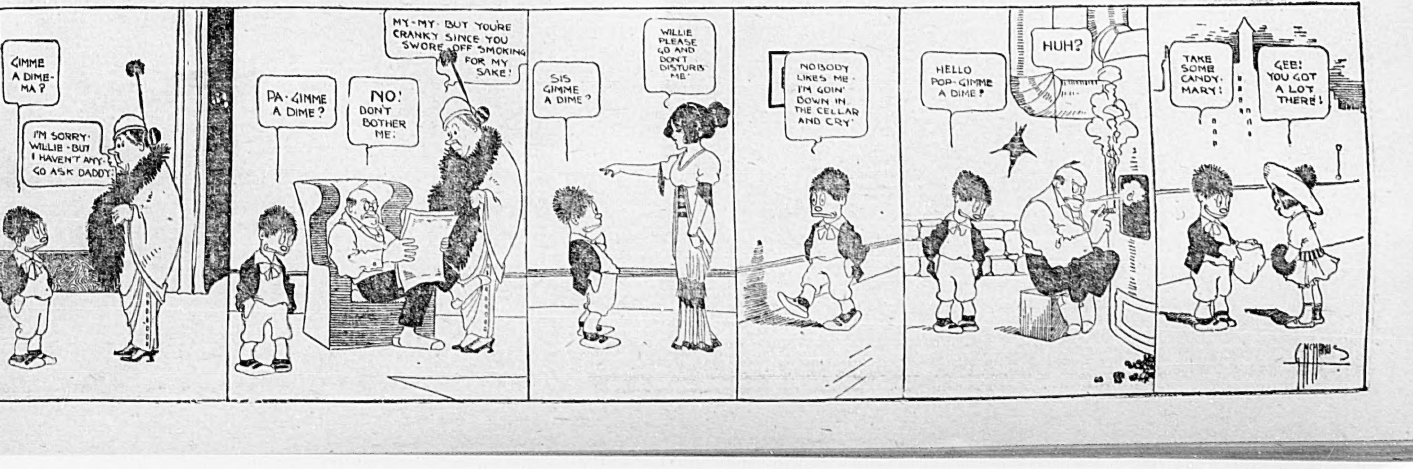

1911.—Harry Lewis defeated Billie
McCluskey in 3 rounds at Paris.

WOMAN IS FOUND DYING IN SNOW

Miss A. Odsdon Expires Half Hour After Being Picked Up From Street.

POISONING IS SUGGESTED

No Particulars Obtainable and Police Are Baffled at Case.

Found lying in the snow on Darnoch street about 8 o'clock last night, Miss A. Odsdon died half an hour later in a nearby house where she had been taken by some passers-by who had discovered her. Up to the present time it has not been ascertained what caused her death. It was stated, however, that the young woman was not suffering from cold or exposure. The only clue to her death is a slight swelling of the lips, which would indicate poisoning.

Robert Dwyer, of Ross flats on making the discovery immediately notified the police. Constable Matz and Taylor with Corporal Fortin rushed to the scene in the police ambulance and on arrival the woman was still alive and appeared conscious. Dr. W. A. Atkinson was immediately notified but when he reached the scene the woman had expired. She made no statement to the police when she was found.

The body has been removed to the undertaking parlors of Campbell and McKinley, whether an inquest will be held will be decided later by Dr. Fortin.

The deceased was employed at the Great West garment factory. She boarded at 164 River street, with Mr. S. Swanson, and had been there for the last three years. Mr. Swanson stated that Miss Odsdon appeared in the best of health when she left the house and arrived at Mrs. Swanson's home. She was going to visit a friend, Mrs. Hughes, at Virginia Park. The deceased has two sisters at Winnipeg, who were communicated with by the police.

J. P. Hughes, to whose house the deceased was going on Sunday night, stated he had known the girl for the last six years, three of which the girl had spent in Edmonton. It is his opinion that she fainted and when she recovered consciousness she was too numb to move.

Weak Tired Folks Given New Vigor

Strength Returns, Health Re-
newed, Vitality of Youth
Re-created.

Exhaustion and Bodily Tiredness, Ev-
ery Day Being Turned Into Vigor
and Ambition by Dr. Hamilton's
Pills.

From Chelouque Pt., N. S., comes the
following from Mrs. W. A. Reynolds:
"A year ago my health began to fail,
I lost appetite, became nervous and
depressed. My weight ran down, I be-
came thin, hollow-checked, and had
black rings under my eyes. I really
felt as if the charm of life had left me
and when springtime arrived I was
in the 'blues'. I read of Dr. Hamilton's
Pills and got five boxes at once.
"Within a month my appetite and
color were good. I gained strength
and felt like a new woman. New life
and vigor returned, and my friends
scarcely knew me. A medicine that
will do this should be in every home."
Good health means much to you.
Success and happiness depend upon it.
The maintenance and source of health
is found in Dr. Hamilton's
Pills, 25c per box, or five boxes for
\$1.00, at all druggists and storekeepers,
or by mail from the Cataract Pharmacy,
Buffalo, N. Y., and Kingston,
Canada.

RUMOR THAT JAIL BREAKERS STOLE CAR NOW DISCREDITED

The auto belonging to James Gal-
lagher, which was stolen on Friday
evening, has been recovered. It was
found in the rear of the Corona hotel,
and was not damaged in any way. The
story that the car was stolen by the
escaped prisoners and used to escape
from the jail is now discredited. The
escaped men have been traced several
miles out of town by the city detec-
tives, and if the statement of the ex-
pert is true that the car only travelled
three miles, it could hardly have been
used to escape from the jail. The car
Young and Delmar who took it. It is
also stated by the clerk at the hotel
that the car was in the rear of the
hotel since Friday evening, the same
night that it was taken.

IS FINED \$1000 AND SENTENCED TO THREE MONTHS FOR PERJURY

Albert McMonney, found guilty on a
charge of perjury, was this morning
sentenced by Judge Taylor to three
months hard labor at the Mounted Po-
lice barracks, Fort Saskatchewan, and
fined \$1000. In default of payment
he must serve the three months term.
Before passing sentence, the judge
severely lectured the prisoner, re-
minding him that perjury was one of
the worst things that he could do, and
that being the prisoner's first offence,
he was obliged to be lenient in the
case. Also Johnson, the woman in the
case, charged with having stolen
goods in her possession, was remanded
to the Mount Westlock and Fred Gibson,
arrested on the same charge, could be
tried by jury.

CREDITORS OF BELGIUM PRINCESS WILL BE PAID OUT OF KING'S ESTATE.

Brussels, Belgium, Feb. 2.—A definite
settlement was reached today of the
claims of the Belgian creditors of the
late King Leopold in connection with
the property left by him.

A short time ago they unsuccessfully
sued the government for the entire
Conco property, valued at \$14,000,000.
Afterward the state recalled that
they were entitled to some compensation
and made them an offer which they
accepted. Princess Louise signed an
agreement to this effect this afternoon,
and her sisters, Princess Clémentine,
Princess Stephanie, and Princess
Alice, signed it this week. It must be
submitted to the Belgian parliament for
ratification, after which the money will
be distributed among the princesses
and the creditors of Princess Louise.

A national subscription for a monu-
ment to the late King Leopold is to be
opened shortly.

MIKE SANG IN CHAIR BUT CHANGED HIS TUNE IN CITY POLICE COURT.

Mike Oseada and Mrs. M. Kennedy
were charged with vagrancy in the
police court this morning. Mike told
the magistrate that he was just coming
home from the chair when arrested,
and that he was not a vagrant. How-
ever, the magistrate thought that it
was no place for a man who had been
singin' in a chair to be fined \$100
and costs. Mrs. Kennedy had
little or no excuse to offer, so she was
fined \$25.00 and costs.

Ben Holson was arrested last night
on a charge laid by the P. Burns Co.
of stealing 100 pounds of butter.
When the charge was read over to him
this morning the prisoner pleaded
guilty, and the magistrate reserved judg-
ment until tomorrow.

Wesley Anniversary Service.

The first anniversary of the opening
of the new Wesley Methodist
church was celebrated yesterday. The
services were conducted by Rev. T. A.
Wilson of Red Deer, and two inspiring
sermons were preached by him, one in
the morning and one in the evening.
His topics were "Our Responsibility
for the Future," and "Jesus or
Nothing." The choir furnished
excellent music for both ser-
vices under the direction of Hayden
Hartley. The anniversary service
will be continued tonight, when the
exercises will take the form of a social
gathering. The work of the past year
will be reviewed.

Ben is Christened.

Born to Mr. and Mrs. J. P. Landry,
255 York street, a son, on January
25th. Christened February 1st under
the name Joseph Albert Emile. The
godmother and godfather were Hon. P.
E. Lessard and Mrs. Lessard. The
bearer of the child was Madam Emile
Gadzio.

G.T.P. HAS FAITH IN SUMMER RESORT

Delegation Assured Company
Will Do Everything Possible
to Help Wabamun.

COUNCIL PURCHASES LAND Will Make Fine Picnic Grounds for Pleasure of Visitors.

The Wabamun board of trade in full
force waited on the G.T.P. officials in
the city today requesting that the
company consider the beautiful spot
near their grounds at the summer resort,
also that they clean the water from
the lake and erect a new station and rest rooms
for tourists.

The members of the delegation are
to be congratulated on the success of
their mission. They were assured by
General Passenger Agent Hinton that
it is the intention of the railway
company to make Wabamun one of the
finest watering places in the west.
Not only is this welcome news to the
people of the premier summer resort
in the west, but it will be also received
gladly by many Edmontonians who
yearn to go there to recuperate.

Speaking to the Capital a member
of the delegation stated that it was
the intention of the residents of that
town not only to make the place popu-
lar in the summer, but in the winter
also. He stated that everything pos-
sible was being done to make the town
noted for its winter sports. This season
the ice has been kept open for
ice skating, hockey and curling. He
added that the Wabamun sports had
chartered a car to attend the Edson
sports last week and to the credit of
the town they had captured all the
prizes in the competitions they had
entered in the winter sports.

The Wabamun council is purchasing a
block from the G.T.P. for picnic
grounds. It could hardly be expected
to make visitors to the town comfort-
able. The motto of the citizens is to
welcome everyone to the town and
they do so in such a way that a person
who goes there cannot help enjoy-
ing himself.

Receipts Show Decrease

The receipts at the customs office
for the year 1913, show the greatest
fall over any year since the port has
been opened. In the year 1912 the
receipts were \$12,165,655, while for
the year just closed, the receipts were
only \$9,856,938, showing a decrease
of over \$2,300,000. The principal reason
for the difference is that during
1912 a much larger amount of
dutiable building material, painted
iron and steel for the construction of large
buildings was imported than during
the past year.

Will Give Travel Talk.

In the city of the Y.W.C.A.,
Thursday night, at eight o'clock,
Thursday night, Miss Moore will give
a travel talk on "The Old Country and
the Channel Islands."

Two Months for Theft

Judge Taylor in the criminal court
this morning, sentenced Wm. Martin
to two months' hard labor at Fort
Saskatchewan, for the theft of a suit-
case from the Pendleton Hotel com-
pany on the 6th of January.

SECOND BENCH WARRANT ISSUED FOR ARREST OF DR. HUGHES, EDMONTON

Toronto, Ont., Feb. 2.—A second
bench warrant for the arrest of Dr. P. G.
Hughes, dentist, of Edmonton,
director of the United Life, and
wanted in connection with the criminal
proceedings which have arisen out of
the "United Life" case, was issued by
Justice Latchford.

"This warrant has been made a little
later than the first warrant," stated
Dr. Hughes, who was supposed to have
left Edmonton last Wednesday about
4:30 in the morning having secured
a bail from Judge Beck of that city on
an habeas corpus, the bail being return-
able at Edmonton on the following
Monday morning.

Thought Work of Society.

Vancouver, Feb. 2.—What is believed to
be the work of a secret society is
the attempt to murder an Australian
named Retzovitch, who was found in
Stanley park yesterday with two knife
wounds in his head and arm, and
other severe wounds which will likely
prove fatal. He is unable to tell how
the affair occurred.

Every time you read the Capital you

The Boys' Department Announces the Arrival of NEW SPRING STYLES in Boys' "WEARBETTER" Suits

READY for the new season with a brand new Spring stock—as complete an assortment, per-
haps, as you ever set eyes upon! An assortment that will speedily convince that John-
stone Walker's is the Boy's Store of Edmonton. Every suit new for spring—new in colorings,
patterns and styles. While at the same time we especially want to emphasize the thoroughness of tailoring which has
established the enviable reputation "WEARBETTER" Clothing, for boys, enjoys for its shape-
retaining merits.

Every garment is positively guaranteed to give reasonable service and satisfactory
wear or your money will be refunded.

The Coats are mannish and roomy with hand built shoulders free
from wrinkles and ridges. The fronts are interlined with an un-
breakable French canvas and will not curl or sag. The under side
of collar is padded and felled, making a thin edge so the collar sets
well, fits closely and cannot fall back from neck. The bottoms of
coats are made with continuous facings and are fitted with the
non-sag Bartlett patent pockets.

The Bloomer Pants are roomy and have crease at side
to emphasize the peg top. They are lined with extra
strong linen and double stitched. Have side straps and
belt loops, watch and two hip pockets; bottoms fin-
ished with patent buckle to prevent tearing of goods.

Two pair bloomers and leather belt with
every suit.

At \$10.50: These popular price "Wear-
better" suits are shown in two neat
dressed patterns in brown tweed
in two-button D. B. style in sizes
28 to 36. Price \$10.50

At \$13.50: We feature a special value "Wear-
better" suit in solid navy
blue serge in a nice medium
weight. Nicely finished and very
stylish. Two-button D. B. style in
sizes 28 to 36. Price \$13.50

At \$11.50, \$12.00 and \$12.50: Selection of styles and patterns will be wonderfully varied in this price
range. They are of all wool imported tweeds in dark greys, browns,
greenish and blue shades in neat stripes and checks. Specially tailored and
finished. Sizes 28 to 36. Price \$11.50, \$12.00 and \$12.50

At \$15.00 and \$16.00: There are sure to be the most popu-
lar of all the new suits. They are
tailored in tweeds and woads in a
great variety of attractive new
patterns in greys, browns, and mixed
effects in D. B. two-button style. Sizes

The First Shipment of New York Novelties in Dress Cottons Makes a Splendid Exhibit

THESE LOVELY New York novelties in Dress Cottons now on display make an exhibit im-
posing in its indefinite variety of striking new weaves, designs and colorings—one which
portrays so thoroughly the volume of the season and the HIGH LIGHTS of STYLE, and de-
monstrates once again the Johnstone Walker dress goods supremacy in Edmonton, reflecting
in FASHION'S MIRROR everything that is lovely, authoritative and exclusive.

It's an exhibit that will delight womankind,
weary of winter's dark hues, with its endless color
possibilities; it's whispering suggestions from new
spring blouses, dresses, skirts and coats. It's an
authoritative showing of what's to be worn for
spring and summer 1914, and you're invited to
spy as a visit of inspection.
